Drawing parallels to today?

Tyndale's influence

In the beginning God created heaven and earth.

You can't arrest an idea.

Historically Europeans have been spied on by
their own countries.

long before the United States of America even
existed.

State-Surveillance is older than any state
denying it's involvement in it.

We've always been spied on, but why?

Leave you with a quote.

"A clear and innocent conscience fears nothing."
